

Mission Valley Medical Clinic

TESTIMONIALS

“Heritage Security Services has used Mission Valley Medical Clinic to meet our company’s occupational health care needs for over fifteen years. Dr. Larry Pohl and his highly trained medical staff play a major role in the management and control of Workers Compensation costs, the single greatest cost driver in our industry. We are also extremely pleased with the support and responsiveness of Mission Valley Medical staff in conducting our pre-employment and random drug testing program.”

Larry Richman, CEO
Heritage Security

“My name is Leslie Cruz and I am the Company Safety Liaison for Go-Staff. In the last two years I have had the pleasure of dealing with Mission Valley Medical. I always receive a warm reception upon my arrival. The staff is very friendly and they are extremely helpful.

I have had to call for advice and they have always been willing to help me and in a prompt manner at that. I have interacted with Dr. Pohl on several occasions and was very impressed with his bedside manner. Many of my employees are Spanish only and he has often spoken to them in Spanish to help make them feel more at ease. Dr. Pohl has established a great rapport with every one of my employees that has been treated by him... thanks to the staff and the overall maintenance of the clinic my time has been well spent during my visits. They provide current movies and magazines for the waiting room and make it a point to contact the patients when they have missed an appointment to ensure that the patients are okay.

Even when many of my employees have been in extreme pain Dr. Pohl has managed to make them laugh and forget for just a brief moment that they are in pain. They have even set up flu clinics here at our place of business to ensure that all our employees are flu free during the flu season.

There really aren’t enough kind words in the dictionary to describe my experience with the Mission Valley Medical Clinic, but I can definitely say that I am currently and have been very pleased with them!”

"We have been sending our new hires to you for several years for health screen and TB testing. I'd like to take a minute of your time to let you know how happy we are with your services. Your Mission Valley location is very convenient for the majority of our new staff. Your ability and promptness in getting our people in and out is working well. Additionally, the follow through you provide is much appreciated."

Kathy Connelly, HR Director
New Alternatives, Inc.

"I am writing this to thank you personally for your company's support in the last eight years of effort... You are one of the best companies that I have ever dealt with from pre-employment testing and injured employees. You always maintain close communication and provide us with accurate and timely information to better process our records... Based on our experience, any company should be very pleased to be the one that selects Mission Valley Medical Clinic to do business with."

Farah Foster, Regional Human Resources Director

"We've relied on Mission Valley Medical Clinic to care for our injured workers for over 10 years now. They provide an excellent drug-testing program as well. They're very responsive to the needs of our employees and work cooperatively with our workers' compensation carrier. With their convenient location and professional staff, Mission Valley Medical Clinic and Dr. Larry Pohl always satisfy the needs of our dealership's employees."

"As an employer I have been working with Dr. Pohl and his clinic for medical care and industrial accidents for over twenty years... From cuts to lacerations, lower back issues, strains, etc., Dr. Pohl and his people have been and continue to be a valuable resource. I highly recommend him and his facility."
